Pratapgarh

Our RO plants

Dove/Duken membranes, FRP vessels, Vectus/Astral piping. Automatic PLC control optional.

250 LPH

1 membrane

FRP vessel, optional auto control panel. Ideal for clinics and schools.

500 LPH

2 membranes

Vectus piping, optional auto-flush and level sensors. Schools, hotels, cafes.

1000 LPH

4 × 250L / 2 × 500L

Heavy-duty, Vectus/Astral piping, semi- or fully-automatic PLC.

2000 LPH

8 × 250L / 4 × 500L

Highest capacity. Optional PLC with auto backwash and dosing.

Plant	Membranes	Output	Daily water use	Best for
250 LPH	1 Dove/Duken	200–500 L/hr	1,000 – 2,500 L/day	Small facility, clinic
500 LPH	2 Dove/Duken	500 L/hr	3,000 – 5,000 L/day	School, hotel, cafe
1000 LPH	4 × 250L or 2 × 500L	1000 L/hr	6,000 – 10,000 L/day	Medium factory, hospital
2000 LPH	8 × 250L or 4 × 500L	2000 L/hr	15,000+ L/day	Large plant, bottling unit

Every plant: FRP pressure vessel, 60–65% recovery, pre-filtration (sediment + carbon), high-pressure pump. **Options:** automatic PLC panel, auto-flush, level sensors, chiller, civil work.

How your water is purified

Raw borewell water around 1500 ppm TDS comes out at a safe ~75 ppm.

1

Raw water

Borewell or tanker water, heavy with salts.

2

Pre-filter

Sediment and carbon cartridges catch sand, rust and chlorine smell.

3

High-pressure pump

Builds the pressure to push water through the membranes.

4

RO membrane

Removes dissolved salts. Reject water is reused for the garden, cleaning or flushing.

5

Storage & chiller

Pure water is stored and can be cooled.

6

Pure water

Safe, sweet drinking water at the tap.

Everything around the plant

Industrial water chiller

Fast cooling for drinking water

Water ATM machine

Coin and RFID card vending

ATM cards & keyfobs

Rechargeable RFID

Dosing pump

Precise chemical dosing

Antiscalant chemicals

Stops fouling and scaling

RO membranes

High rejection, 250–2000 LPH

Repair, service & AMC

- On-site repair for low flow, high TDS or pump noise
- Filter and membrane replacement, chemical cleaning
- Annual Maintenance Contracts (AMC)
- Same-day technician visits in and around Pratapgarh
- Free on-site TDS test before we choose your membrane
- Service across Rajasthan, Madhya Pradesh and India

Who we serve

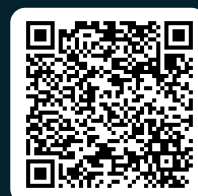

Schools, hospitals, hotels, factories, pharma labs, food processing units, bottling plants and Water ATM operators.
